27 April, 2021

Dear Sir / Madam

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

1. Pakistan Air Force is proudly serving the nation both in time of Peace and War. PAF Personnel (Men & Women) remain highly committed to develop a hard-hitting, as the Quaid said, "second to none" fighting force. Quality Personnel is the hall mark of Pakistan Air Force and our professionals are our strength who are selected from all over Pakistan. PAF is proud of its illustrious past and moving towards the future with advancement in technology through skilled and professional Human Resource. PAF bestows job security and development opportunities as well as provides amenities to breathe a quality lifestyle. In order to maintain its traditions of professional excellence, PAF is now commissioning suitable Doctors and Specialists for its Medical branch.

2. In this regard, PAF is launching a wider spread publicity campaign from 17-24 May, 2021 to develop adequate awareness about career opportunities in medical branch. Moreover, a PAF contingent desires to visit your institution for awareness and motivation of medical professionals to join this elite organization in upcoming induction cycle. It is further requested, kindly upload the attached advertisement on your official website and display at prominent places / notice board of your institution. Your cooperation will surely augment the accomplishment of subject induction.

3. Looking forward for your personal involvement in this national cause.
